

PART 'D'

A home tailored to your needs;
our thoughtful designs.

Westerling
NORTH ADELAIDE

Tailored to your every comfort.

Your choice in stylish and luxurious retirement living should never compromise your ability to live comfortably, practically and safely. At the planned Westering North Adelaide development, we will ensure that you can live in a home that feels like it has been tailored for you with interiors and in-home features to meet your every need.

From the feedback gathered at our Information and Feedback Sessions, we identified a preference for in-home features and interiors that align with your desire to live comfortably and luxuriously.

This is what you've told us about what is important.

A light filled home and reverse cycle air conditioning received a score of 4.6 out of 5.

4.6 / 5

Open-plan living has become a staple in modern home design and scored 4.5 out of 5.

4.5 / 5

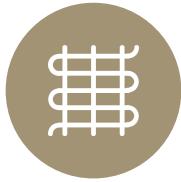

Ceiling fans received a score of 4.1 out of 5, providing a cost effective alternative to gently cool your home.

4.1 / 5

This trend of catered comfort and luxury living was also noticeable in your preferences for flooring.

54%

would prefer underfloor heating in bathrooms, indicating that comfort and warmth are top priorities in this space.

74%

wish for carpet in bedrooms, suggesting that comfort is of utmost priority.

51%

would prefer floorboards in kitchens, a practical and stylish solution for high traffic areas.

61%

would prefer floorboards in living and dining areas, aesthetically pleasing and easy to clean.

Practical and accessible for you.

In our planning for the Westering North Adelaide development, we understand that interiors contribute greatly to the overall aesthetic appeal of your home, while also contributing to your safety, comforts and maintenance priorities. This is why your feedback is invaluable to our designs for a home created for you and your lifestyle.

It is important to you that your future home is designed for aging in place with a score of 4.5 out of 5.

4.5/5

Tripping hazards are a thing of the past with level access / no threshold receiving a score of 4.4 out of 5.

4.4/5

Ample storage is clearly favoured among our community with pantry storage, linen cupboards, ironing board storage and spacious robes all receiving a score over 4 out of 5.

It is unsurprising that these features scored highly as efficient storage solutions throughout the home are crucial for maintaining a neat and functional living space.

With our commitment to creating a retirement environment without maintenance concerns, this input on practical in-home features is vital to our considerations in planning. Some of you were incredibly prescriptive about your ideal interior and in-home feature requirements, outlining that interior design is important alongside accessible and low maintenance appliances and considerable storage space.

*Rounded corners on cupboards,
lift to all levels and easy use appliances.*

Plenty of storage. Rooms should be reasonably spacious with high ceilings; not to feel pokey. Generous outdoor spaces and lush gardens.

SESSION PARTICIPANTS

Thank you.

We look forward to providing you with our exciting updates on Westering North Adelaide as the year progresses.
